Ms. Candace Carter  
Back2Front – The Web Site People

Dear Candace,

On behalf of the Board of Directors, the Education Committee, and the membership of CDECA, I would like to thank you for your wonderful seminar presentation at our Professional Development Day on June 16<sup>th</sup>. The attendees showed their enthusiasm for your material with questions and with a positive response to the evaluation questionnaire.

We recognize that you prepared and delivered your seminar on a complimentary basis to CDECA, and for that we are very appreciative. As you know, this event was not only to be educational, but also a symbolic display of the positive direction of our organization. Your participation contributed to a very successful day for all of us.

We do wish you all the very best in your web site design business and do hope that this event will generate some new clients for you.

Kindest regards,

Dayle Laing,  
CDECA, Director of Education
